

State Diagram — Job Lifecycle

Purpose

Defines the finite states a Job moves through and the events that trigger each transition, including cancellation and dispute-resolution paths not visible in the activity diagram.

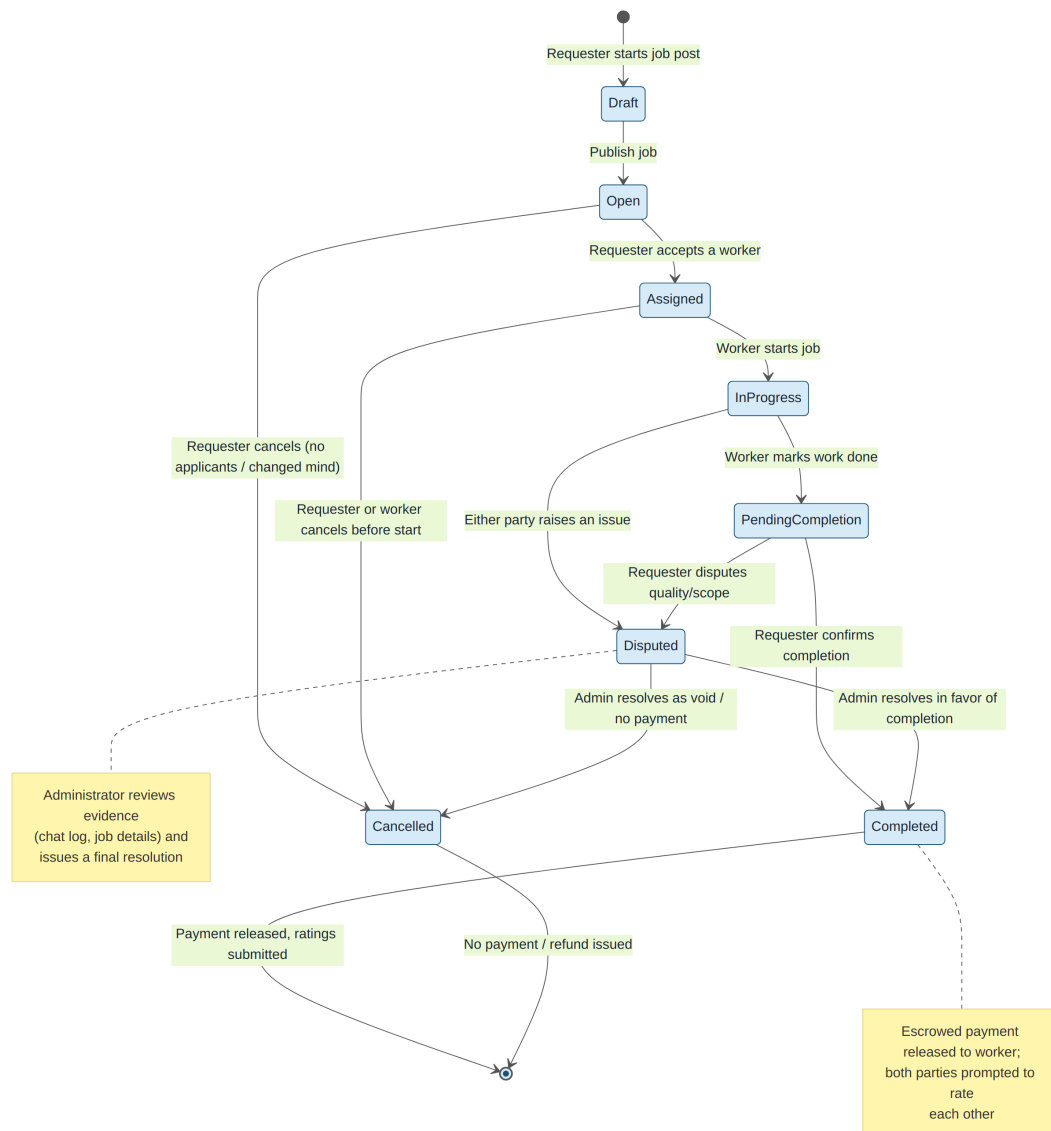

Figure 4 — Job Status State Diagram

State Reference

Draft	Job details saved but not yet published to workers.
Open	Published; visible to matching workers; accepting applications.
Assigned	A worker has been accepted; payment authorized/held in escrow.
InProgress	Worker has started performing the job.
PendingCompletion	Worker has marked work done; awaiting requester confirmation.
Disputed	Either party raised an issue; pending Administrator resolution.
Completed	Confirmed done; escrow released; ratings prompted.

State Diagram — Job Lifecycle

Cancelled	Job withdrawn or voided; no payment released.
